Focus Africa

About Us

Our Mission

To provide our customers outstanding logistics services throughout the globe, facilitating their success and furthering trade and development in the whole world.

To be a logistics company that protects family values, emphasizes trust and cooperation among partners and strengthens young generation with modern management techniques.

Our Vision

To be recognized as the most competitive logistics services provider in Central Africa.

To be a logistics company that has completed the institutionalization process with an up-to-date technology. Obtaining at least 60% of its market share the domestic and 40% from foreign supply chains.

Core Values

- ❖ Customer Satisfaction
- ❖ Work Efficiency, we ensure fast deliveries
- ❖ Integrity
- ❖ Teamwork
- ❖ Sustainability

C.E.O'S Message

Welcome to Focus Africa Freight Solutions Ltd - one of East Africa's fastest growing and most reliable logistics player . The logistics market is undergoing radical transformation with diversifying client's needs and the advances in technology. New technologies are accelerating the development of innovative logistics solutions which will create brand new experiences for clients.

Ever since Focus Africa spread its wings in East Africa in year 2020 we have been meeting the ever-changing needs and expectations of our customers with convenient and attractive solutions and services. Since then, the brand has grown and diversified to become a leading name in the regional logistics industry. For the future, we remain committed to expanding in African market business together with all our partners, stakeholders, and customers.

COMPANY Profile ©2023

Sea Freight

We transport goods, consolidated into sea containers via sea water to other seaports or terminals. One can access goods at any port of their own convenience.

Products that can be transported include; unpackaged raw materials ranging from chemicals, petroleum products, and bulk cargo such as coal, iron ore, cereals, bauxite. So called “general cargo” covers goods that are packaged to some extent in boxes, cases, pallets, barrels.

Focus Africa

Air Freight

We use Air transport for urgent and high-value commodities that need special handling and management.

At Focus Africa Freight, we offer fastest ways to transport goods/cargo, this is the fastest way to send and receive shipments no matter your location.

Road Freight

We provide trucks or vehicles which transport your shipment/goods easily and for all cargo types you are catered for.

Products that can be transported include; Metal ores and other mining and quarrying products, other product types as well, as ordered by our clients..

Rail Freight

We handle rail cargo transportation from Mombasa port to various destinations in Kenya and Uganda

Focus Africa

Port & Custom Clearance

No need to worry about cargo clearances and any documentations involved as we are here to ease transportation of your cargo

Focus Africa

Solutions

We have a number of solutions to help solve world business problems in the logistics sector.

- ❖ Oil & gas Projects
- ❖ Project Transport
- ❖ Contract Logistics
- ❖ Warehousing

- ❖ Industry Logistics
- ❖ E-commerce Solutions
- ❖ Projects Handling

FOCUS AFRICA FREIGHT SOLUTIONS

Project Transport

We physically transport cargo by road using motor vehicles.

We further leverage our trucks which transport your equipment easily for the cargo types you are catered for.

Products that can be transported include; metal ores and other mining and quarrying products, other product types as well as ordered by clients.

FOCUS AFRICA FREIGHT SOLUTIONS

Contract Logistics

We offer comprehensive logistics from production to distribution at the final point of sale.

Our Contract Logistics is not simply the process of moving goods, but it entails far more comprehensive course of action that merges traditional logistics with supply chain management processes.

We manage the resources, goods and information of our clients, activities such as planning supply chains, designing facilities, warehousing, transporting are handled.

FOCUS AFRICA FREIGHT SOLUTIONS

Warehousing

We possess exceptional warehouse buildings for storing goods at maximum capacity. They can be used by manufacturers, importers, exporters, wholesalers, transport businesses and many others.

In our warehousing package, wrapping of your commodities is ensured, storage for temperature controlled condition is ensured as well for specific goods to ensure they are not affected.

At Focus Africa, We store goods that will be distributed later in our favorable warehouses and our customers can choose any convenient location for storage

FOCUS AFRICA FREIGHT SOLUTIONS

Industry Logistics

Our services cover a wide range of industries along the industrial value chain, ranging from transport solutions for raw materials to spare parts logistics for engine manufacturers and other manufacturing companies/organizations.

Based on our industrial experience, we understand your industrial needs and we deliver to you based on your requested products and services.

Our tailored solutions range from comprehensive inventory optimization to warehousing, logistics handling, and transportation and delivery management.

FOCUS AFRICA FREIGHT SOLUTIONS

E-commerce Solutions

We connect your businesses to your customers and deliver ordered customer products fulfilling their needs through our e-commerce logistic solutions since a huge number of people utilize online platforms to view and access products.

We offer E-commerce freight shipping services to the desired destination as product shipping is organized and scheduled once the order is made.

We have e-commerce solutions provided for electronic businesses, including those that allow traditional businesses to design, create, and operate on the World Wide Web sites.

FOCUS AFRICA FREIGHT SOLUTIONS

Projects Cargo Handling

We work hand in hand to achieve goals and meet the business requirements.

Our project handling involves dealing with the uncertainties inherent in managing projects.

We design and develop the most effective ways to manage all our client's work/ projects.

Furthermore, we handle supplies of oil and gas to match the global demand for energy.

We are an ISO Certified Company
